Lee Mikell, on behalf of a grateful college, we thank you for your dedicated service as a member of the College of Charleston Board of Trustees 2004-2016. Pansy King-Reid's Presentation:

PRESENTATION TO RETIRING STAFF MEMBER PRISCILLA BURBAGE:

Chair Padgett recognized Priscilla Burbage who retired from the College after 41 years of service.

First, Chair Padgett shared Steve Osborne's remarks at Priscilla's retirement party a few weeks ago.

"Priscilla does not seek the spotlight so yes, Priscilla, I am probably going to embarrass you a little bit. The reason is simple: you have given the major part of your life to the College of Charleston. When I think of your work with the College, several values come to mind.

Loyalty is a great characteristic and value for a person to have and demonstrate. Priscilla has always exercised loyalty to the College of Charleston. Priscilla has been with the College for over 41 years. Ted Stern was the President when Priscilla began her career. She has worked for every President since the College became a public institution.

But it is not just the length of time Priscilla has been here. It is the way she conducted the work she did. In a conversation with Priscilla recently, she expressed to me how much it has meant to her to be at the College and promote the image and reputation of the College. The College has always been first in her work.

Another value that Priscilla exemplifies is dedication. Priscilla is totally dedicated to her job. Give Priscilla any task or project and she will willingly take it on and bring back a quality product.

Tied to her dedication is a tremendous work ethic. Priscilla never really leaves her job. Besides putting in full days of work, we joke about her being attached to her gadgets. Her cell phone and laptop are always with her. At night they are at her bedside and she responds no matter the time.

Priscilla has always given her all. I am aware of years in the past when Priscilla was working on projects in Business Affairs and Priscilla worked her full week day, then drove home, fixed evening meals for her family, and then came back to the College and worked into the night. That's Priscilla!

The resume is long and the work that has been accomplished during her career would fill a book. Since I have been at the College, perhaps the most significant project accomplished was the Battery Project. Priscilla was the Project Manager of the implementation of the Banner ERP. The project lasted a number of years, but the implementation was successful and in budget. Other institutions have not fared as well.

When we think about what we will miss about Priscilla, the selfish thought is the institutional knowledge that she carries with her. Pretty incredible! How things work, how things evolved, and what is the best path forward! She may have to keep that cell phone gadget! Some of the things we will miss most are the person we have all come to know: someone always willing to lend a hand; someone to resolve a problem; a good listener; someone with good instincts, and a great intellect. A great person!

One last value I would like to use to describe Priscilla is devoted. Everything I have highlighted describes Priscilla's devotion to her job and the College. However, above all, she is devoted to her family. In their own way, they each know how valued they are!

In closing, I want to thank Priscilla on behalf of the College for all she has done. While I have talked about how we will miss Priscilla, which we will, we most of all want her to have great joy and happiness as she moves into retirement. You have certainly earned it and all of your friends here today wish you only the best!"

Since this will be Priscilla's last Board meeting, Chair Padgett presented her with a College of Charleston presentation folder as a small token of appreciation for her years of service to the College of Charleston. He thanked her for her years of dedicated service to the College and wished her the best of luck in her retirement.

There is a 2318 target for new undergraduates for this fall. The majority of those have made their deposits. We are tracking, monitoring, and refining our enrollment strategies, including international recruitment.

The Provost indicated he'll be in contact with the Academic Affairs Board Committee regarding changes in the *Faculty/Administration Manual*, with the targeted release date in June.

Much work is underway at the College in the area of policy redevelopment and alignment. Yesterday, President McConnell approved the College's new policy on course renumbering and just prior to that, our new policy on requirements for course syllabi.

As part of an ongoing review, Provost McGee provided information regarding grading scales used at other institutions, along with grade statistics and data summaries from College of Charleston. Associate Provost Conseula Francis will lead a committee to study the performance of the College's grading system. A discussion of the history and faculty use of the College's current undergraduate grading system ensued. Provost McGee will provide some additional data on the current grading system to members of the Academic Affairs Committee, as those data were compiled by the Office of Institutional Research, Planning, and Information Management. Still more data will be reviewed and analyzed as part of the work of the new committee.

Provost McGee pointed to specific aspects of the distributed data, including quite consistent mean GPA's.

Provost McGee also invited Board of Trustee members to tomorrow's Celebration of Faculty event.

Speaker of the Faculty's Report:

Todd Mc Nerney, Speaker of the Faculty, spoke briefly to the full Board regarding faculty work and activities during the current semester.

Chair Padgett expressed his congratulations to Todd upon being re-elected as Speaker of the Faculty. Todd responded that he looks forward to working with the Board of Trustees for another year.

Todd mentioned that a few years ago the Student Government Association (SGA) passed a Resolution to have a student representative on the Board of Trustees. The Board of Trustees did not approve the Resolution at its Board meeting in January 2011. Todd was recently contacted by a Faculty Senator who asked for a response from the Board of Trustees regarding a student representative on the Board of Trustees since a majority of Boards have at least one student on the Board of Trustees.

Staff Advisory Committee to the President Report:

Charles Bradley, Vice Chair of the Staff Advisory Committee to the President, spoke briefly on behalf of the staff.

ALUMNI RELATIONS COMMITTEE:

The Alumni Relations Committee did not meet on Thursday; however, Trustee Ricci Welch presented the following committee report:

First, Trustee Welch recognized Dan Ravenel who joined us for the meeting today.

The Alumni Affairs staff and Alumni Association continue to focus their efforts on three strategic initiatives:

- Stay Informed
 - Quarterly meetings with President McConnell, the VP of Alumni Relations, and President of the Alumni Association continue to strengthen communications and leverage results.
 - President McConnell hosted a reception for nearly 100 alumni, accepted students, and parents from the Washington, DC area on Thursday, April 14, on Capitol Hill. Alumni Affairs, Admissions, and Development coordinated the reception and scheduled key visits with alumni and friends.
 - Alumni Weekend will be held April 29-May 1, 2016. More than 4,500 tickets have been sold to the two "A Charleston Affair" evening events.
 - The 2016 Alumni Awards will be held on Saturday, November 19, at Charleston Place, in coordination with the ESPN Charleston Classic basketball tournament and the Foundation Board meeting.
 - Boeing South Carolina hosted a kick-off luncheon for its CofC alumni group on March 28. Representatives from Alumni Affairs, Institutional Development, Finance and Administration, Economic Development, and Academic Affairs were invited to attend. Boeing estimates that nearly 80 employees are alumni of the College, and the company encourages them to get involved and give back to their alma mater.
- Get Involved
 - Alumni Affairs, Admissions, and Athletics collaborated to expand Cougar Trail to baseball, planning four events for the 2016 season. A tailgate event was held prior to the April 12 game at Coastal Carolina; other tailgate events will be held prior to the May 10 game at

Clemson, and May 21 at Patriots Point for the last regular season game against William and Mary.

- Results of the survey sent to alumni in early January to measure engagement will be presented to the Alumni Association Board of Directors and College administrative leaders on June 10. Initial results indicate that alumni have a stronger allegiance to the College than alumni of other institutions, and they value career services as the most important benefit.
 - Alumni Affairs staff is working with leaders of the Black Alumni Council to plan a forum to identify the most effective ways to engage black alumni. Tentatively, the program will be held in conjunction with the June 10 Alumni Association Board of Directors meeting.
- Give Back
 - Among the top priorities for the Alumni Affairs staff is to reach the goal of 10,000 alumni donors to the BOUNDLESS Campaign. As of April 11, 9,719 alumni had donated to the effort, an increase of more than 100 new donors since the previous Board of Trustees meeting.
 - Alumni Affairs continues to collaborate with Admissions to increase enrollment.
 - Alumni Affairs and Admissions have identified nearly 1,500 high school sophomores and juniors who are either children of alumni or are siblings of current CofC students. A joint postcard campaign is planned for this summer to encourage these students to consider applying to the College.
 - A pilot program will launch this summer in the New York City and Washington, DC chapters asking each alumnus to identify at least two prospective applicants and encourage them to apply to the College next Fall. These chapters were chosen because of the density of alumni (more than 2,000 alumni reside in each metro area) and previous enrollment success. Pending positive results, the program will be expanded to include all alumni next year.

Chair Padgett thanked Dan Ravenel for his service to the Alumni Association. In turn, Dan thanked Trustees Renee Goldfinch and Lee Mikell for their service to the Board of Trustees, and said “they will be missed.”

Break at 10:40 a.m. Meeting reconvened at 11:00 a.m.

ATHLETICS COMMITTEE:

The Athletics Committee did not meet on Thursday; however, Trustee Jeff Schilz presented the following committee report:

**COLLEGE OF CHARLESTON
RESOLUTION OF THE BOARD OF TRUSTEES
BUDGET ADJUSTMENTS**

April 22, 2016

WHEREAS, College management has reviewed its projections of revenues and expenses for the year 2015-2016 and, based on that review, has recommended certain reallocations and adjustments to the budget previously approved by the Board; and

WHEREAS, those recommended reallocations and adjustments were presented to the Board's Budget and Finance Committee and were determined to be reasonable and appropriately supported by College management.

NOW THEREFORE, be it

RESOLVED, that the Board hereby approves the recommended reallocations and adjustments to the approved budget for year 2015-2016, as presented by College management to the Budget and Finance Committee and as further detailed in the table captioned "College of Charleston 2015-2016 Revenue and Expense Budget Adjustments March 31, 2016" contained in the Board of Trustees briefing book dated April 22, 2016; and

RESOLVED, that all actions of College management to effectuate these reallocations and adjustments prior to the effective date of this Resolution are hereby ratified and affirmed.

Godfrey Gibbison gave a brief overview of the need for a differential tuition and fee structure for the Bachelor of Professional Studies program. The proposed rate structure is based on a \$375 per credit hour (or \$4,500 per semester) in-state rate. A proportional out-of-state differential, based on the current 2015-2016 undergraduate tuition and fee structure, has been calculated. This proposed rate structure recognizes the unique needs, circumstances, and challenges of the adult and non-traditional student population. Additionally, it positions the College of Charleston as a practical competitor in this market. **The Budget and Finance Committee moves that the Resolution to approve the School of Professional Studies – Special Tuition and Fee Structure for 2016-2017 be approved as presented. The Chair called for the yeas and nays, and the following Resolution was unanimously approved by voice vote. For the record, Trustees Don Belk, Pansy King-Reid and Joe Thompson were absent and did not vote on the issue.**

Steve Osborne updated the Committee on a timeline for the institutional budget process for FY17. The process will be much like that of previous years, and will include a budget workshop on May 19, at 9:00 a.m. in the Randolph Hall Boardroom to review a preliminary budget; a Budget and Finance Committee meeting on June 3, at 10:00 a.m. in the Randolph Hall Boardroom to agree on a final budget to be presented to the full Board at its June 13 meeting at Wampee. All Board members are invited to attend all of the committee meetings.

Steve Osborne gave a brief update on the state budget. The House version of the budget includes \$2 million in recurring operating funds and \$650,000 in funding for Computer Science. Additionally, a proviso allowing the College to move \$4 million in capital funds from Grice to the Rita Hollings Science Center renovation was approved by the House. Also included in the House version is the provision for a 2% employee pay increase. Each 1% increase will cost the College approximately \$930,000. It is expected that the Senate will increase it from 2% to at least 3%. The budget has now moved to the Senate Finance Committee.

DEVELOPMENT COMMITTEE:

The Development Committee did not meet on Thursday; however, Trustee Renee Romberger presented the following committee report:

For the first nine months of FY 2016 (July – March), the College raised approximately \$8.8 million in new philanthropic commitments. Of this total, approximately \$1.3 million are cash receipts to the campus-wide 13 Annual Giving Program funds, with over \$538,000 directed to the College of Charleston Fund and Parent's Fund.

Recent outstanding new commitments received include a \$1 million pledge from Deborah A. Trustee Gadsden presented the following committee report:

First, Trustee Gadsden welcomed Zach Hartje as the Interim Chief Information Officer.

Zach Hartje gave an update on the Chief Information Officer search. The Search Committee is reviewing the 155 applications received and will meet on May 2. The goal is to have someone in the position by July 1.

Further, Mr. Hartje described ITSAC as a committee that offers representation across the campus to identify areas of goals for the IT Strategic Plan. The plan addressed is a three-year rolling plan making FY17-19 the years considered. This affects the budget in that IT then develops projects and procedures to identify for the upcoming year. FY16 identified three plans for FY17: (1) Moving OAKS LMS to the cloud; (2) Moving Banner ERP system to the cloud; and (3) implementation of Service Management. Service Management has been funded for FY16. It will be up and running for FY17 and modules will be added as well in the future.

Disaster Recovery/Business Continuity continues to be addressed after being identified by ITSAC last year as needing processes in place in case of disaster should the Bell data center be down. The most important concern is communications. Office 365, Yammer and migrating email Exchange to the cloud are all part of the solution process. These actions will call for 24-hour access with being moved to the cloud. This is actually a multi-year project, but moving mail through Exchange will occur by the end of June.

Another goal identified is hosting for LMS OAKS. Our vendor, D2L, has been engaged to get this moved by this fiscal year. They will remove migration and hosting fees for this year. The target date is May 11. We have worked closely with Academic Affairs to identify a date for migration that will cause the least disruption. There will be no classes on that day and an 8-10 hour outage is possible. If something cannot be met on this day, we will be looking to winter break for other migration activities.

Banner cloud hosting is also a current active IT project.

The State mandated that by June 30, 2017, all must be moved off analog phone systems and moved to VoIP solutions. PBX was installed at the College of Charleston in 1985. Support for this system will end by June 30, 2017. The State approved three vendors: Spirit, ATT and Sprint. IT is working closely with proof of concept to select a vendor. In Fall 2016, we will begin to migrate administrative offices. Remote locations will be migrated in the spring of 2017 and faculty will be migrated in May 2017.

Service Management is a methodology with standards that the IT organization is adopting. This will allow for increased transparency in IT and will make the customer experience more satisfactory. Team Dynamix has been identified as the vendor. Kick-off call is scheduled to occur next week. Service work needs to be set up by June 30.

Trustee Gadsden thanked Trustee Renee Goldfinch for her service on the committee. Trustee Goldfinch will not run for re-election to her Board Seat, and her term will end on June 30, 2016. Also, Trustee Gadsden thanked Lee Mikell for his service to the Board of Trustees. Trustee Mikell will not run for re-election to his Board Seat, and his term will end on June 30, 2016.

And finally, Trustee Gadsden thanked Priscilla Burbage for her assistance with the BANNER Project. The project would not have been successful without her help. Priscilla retired from the College after 41 years of service.
